cated at Eleventh and Hull
Streets—Persons.

Manchester Bureau Times-Dispatch.
No. 1114 Hull Street.

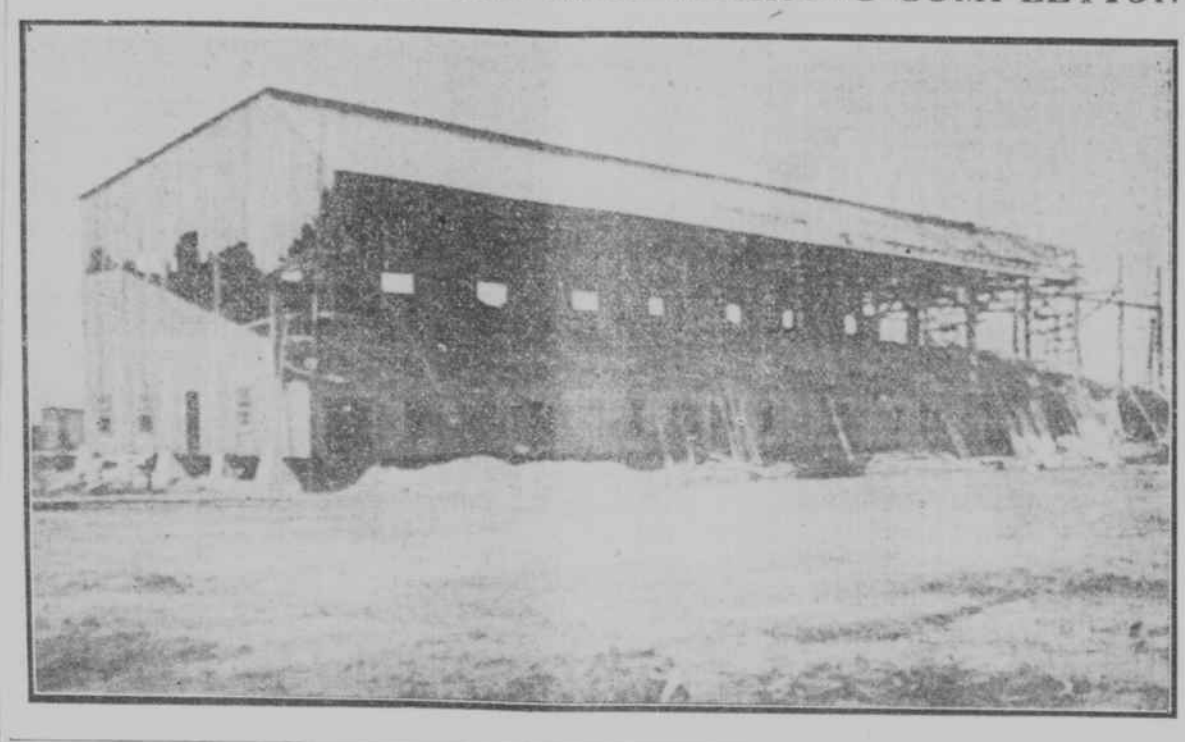

Nothing of particular importance was done at the meeting of the City Assembly last night. It was the regular meeting for the month and the committee reports were received and read. Routine business was the order of the hour, and when the session closed from 8 o'clock until almost 11 o'clock, there was nothing of special interest.

An ordinance giving the special committee the power to make what might be necessary for the completion of the clear-water plant, was unanimously passed. The Roberts Building Company, of Philadelphia, is now erecting the latter plant, and it was ascertained that a few changes in the construction would be necessary. Hence the ordinance, giving the members of the committee with power to act.

These present last night were Messrs. J. W. Adams, M. J. Ferguson, M. A. Campbell, T. E. Taylor, A. A. Lindsay, H. B. Brown, A. A. Adams, and T. E. Taylor.

Mr. Taylor did not offer any resolution or ordinance about the complimentary tickets issued to the Fire Commissioners and Police Commissioners. It was ascertained that a few changes in the construction would be necessary. Hence the ordinance, giving the members of the committee with power to act.
